WILL SINK 200 FEET.

The Tesora Company to Go Down to the 575 Level.

The Tesora Mining company has started sinking from the 375 to go down 200 feet before stopping. The mine is well equipped with pumping capacity and no difficulty will be experienced in handling whatever flow of water that may be encountered. The company has two 350-gailon pumps in place, whereas the present flow does not exceed 300 gallons per minute. Supt. Creighton does not anticipate a greatly increased flow, however, The development of the mine is pro-

gress very satisfactorily, and the new mill is said to be almost ready for work. It will probably be started up before the 16th of June. Its capacity, as is known, is 100 tons per day. From this tonnage Mr. McVichle expects that the mill will net about \$450 per day About 18,000 tons, or 3 months ore, is now lying on the dump. The new mill will cost about \$20,000 when completed.

#### TIEWAUKEE OPTION.

Everything in Readiness for Payment of First Installment.

Manager F. H. Lathrop of the Tlewaukee at Bingham stated today that everything is in readiness to make the first payment on the bond for \$100,000 recently secured from the owners. The payment, which is said to amount to \$25,000, will be followed by other payments, the last one being made on or before January 1st, 1902. Under the management of Messrs. Lathrop & Effinger, the Tiewaukee of Bingham has developed some splendid high grade ore, while the low grade bodies are sufficiently large to cause the new owners to start up the Winnamuck mill next week. Some samples of Tie-waukee ore were assayed a few days ago which went nearly 4,000 ounces silver and 10 ounces gold per ton.

#### THE WEISER SMELTER.

P. P. Shelby Says a 2000-ton Plant Will be Completed Nov. 1st.

Baker City, Oregon, May 31.—P. P. Shelby, of Weiser, Idaho, general man-ager of the Pacific and Idaho Northern railway, who is here, announced that work on the 2,000 ton smelter, which is to be erected near Weiser, will com-mence on June 1. The new smelter is to be completed November 1. Mr. Shelby also announced that work will begin on the P. I. & N. extension June 1 from Council to the Seven Devils coun-

Previous advices from the north placed the capacity of the new Weiser smelter at 100 tons per day. It may be enlarged at a later day, but for the present the building of a 2,000-ton plant is out of the question.

payment of this sum increases the total paid by this company to \$301,500. The mine is said to be looking well with the ore bodies responding well on the 1050 level. The company has not been shipping heavily lately owing to the fact that a new contract has not yet been made with the smelter com-pany. The bins are full of ore and as, soon as satisfactory arrangements are made with the smelter people the marketing of the usual tonnage will begin. For the past week the management has been repairing the shaft by removing some of the old timbers. The work will be completed during the next few days.

Location of Oil Claims Goes On. Special Correspondence.

Provo, May 30 .- Notices of location of petroleum claims have been filed by Herbert S. Pyne et al, of the following claims situated in Spanish Fork canyon, west and southwest of Le Sieur's asphaltum claims in Tie Fork. The claims are named Johnson Nos. 1, 2, 3, 4, 5 and 6.
F. M. Benedict et al have filed notices

of location of the Portland Placer Min-ing claims Nos. 1 to 7, inclusive, all petroleum claims, situated on Sheep Creek, Spanish Fork canyon, township south, range 6 east. William Hatfield et al have filed no-tices of location of the Hatfield Nos. 1 to 4 inclusive, situated in North Tintle mining district.

#### Will Install Machinery.

Manager Willard Smith of the West Morning Glory expected to leave for Tintic this evening to look after the hauling of the newly-acquired hoist to the mine. The hoist is a 10 by 10 friction the mine. The hoist is a 10 by 10 friction machine, with a 60 horse power boiler, which was purchased from the Dragon Iron mine people for about \$2,000. When set in place it will cost about \$2,500, and Mr. Smith considers it a cheap purchase. It is nearly new and is capable of going down 1,000 feet. This purchase will necessitate another as seesment as soon as the present one sessment as soon as the present one is collected. Mr. Smith says it is the intention in rush things and he looks for the property to soon enter the list

#### E. H. Clark Goes to the Coast.

A party of which E. H. Clark and Mrs. Hearst were members passed through Ogden yesterday on the way to San Francisco. Mr. Clark is a director in the Ontario of Park City, representing Mrs. Hearst's interests in the old bonanza as well as in other companies. It was expected that Mr. Hearst would make a call at the Ontarlo office on his way West, but the fact that he has not done so is taken to mean that Mr. C. L. Rood is to continue the direction of the Ontario company's affairs. Mean-time the mill is handling the usual tonnage and no new developments have been reported on the 1700 level, where the management is running for the big ore bodies exposed on the 1500 level.

#### Bazouk to Resume Monday.

Preparations have been made to resume work on the Bazouk property in Bingham next Monday. The company recently purchased the Little Joker claim from Mrs. Daft for \$15,000. gives the company about six good claims, on which a shaft has been sunk 60 feet. In the bottom of the shaft about four feet of concentrating ore is exposed. The owners are much supprised by some assays from a talcy substance in the shaft, which was formerly sent over the dump, which shows \$11.57 in gold and small silver values to the ton. The Bazouk company has just amended its articles, changing its principal place of business from Salt Lake to Ogden, where the majority of the stock is owned.

Sparks Buys a Mine for \$175,000. Reno, Nev., May 31.—The Wedekind mine, situated four miles northeast of Reno, was sold yesterday afternoon to John Sparks, the well known cattle king for \$175,000. Representatives of Senator Clark, of Montana, have been here examining the mine for several days but a sale was not consummated. Mr. Sparks will begin the development of the mine on a large scale at once, install the latest machinery and put several hundred men to work.

Wedekind, the discoverer is an old man-a plane tuner-who at odd times kept digging into the hill for pay dirt to the amusement of the neighborhood. About a year ago he struck rich ore and has since taken out many thous-and dollars worth of extremely rich
